Professional Summary

Master of Transport student at the University of Sydney with a Bachelor of Science in Data Science and Economics. Experience in customer service, stakeholder representation, committee participation, and student leadership. Seeking opportunities in transport analytics, data or spatial analysis.

Skills

Programming	Python, R, SQL
Tools	ArcGIS Pro, PostgreSQL, LaTeX
Analytics	Machine learning, data analysis, regression, causal inference, time series analytics, data visualisation, spatial & network analytics

Education

2027 **Master of Transport**, *University of Sydney*

2025 **Bachelor of Science**, *University of Sydney*
Data Science & Economics

Projects

Sem 1 2024 **Data Science Capstone**, *University of Sydney*

- Developed a machine learning model to classify kidney cell types from biological data using data cleaning, feature preparation, and model evaluation techniques.
- Built an interactive R dashboard to visualise model outputs and support exploratory analysis.
- Communicated technical findings through data visualisation and clear presentation of analytical results.

Sem 2 2026 **Spatial Analytics**, *University of Sydney*

- Developed a data-driven expansion strategy for an Australian retail chain using sales, temporal, and socio-economic data.
- Performed catchment-based regression analysis to assess store performance and estimate local demand.
- Used ArcGIS Pro Network Analyst to evaluate distribution centre selection, store catchments, and logistics networks.
- Applied location-allocation modelling and vehicle routing problem analysis to support network optimisation and operational decision-making.

Work Experience

2021-2023 **Customer Team Member**, *Burgers on Broadway*, Kingsgrove

- Delivered customer service in a fast-paced hospitality environment.
- Processed customer orders and point-of-sale transactions accurately.
- Maintained cleanliness, hygiene, and presentation standards.
- Worked effectively as part of a team during busy service periods.

Leadership & Service

2026 **Engineering Education Committee**, *University of Sydney*, Postgraduate

2026 **Engineering Faculty Board**, *University of Sydney*, Postgraduate

2021-2025 **Science Faculty Board**, *University of Sydney*, Undergraduate

2021-2025 **Academic Board**, *University of Sydney*, Undergraduate

2022-2024 **Secretary**, *Sydney University Mahjong Society*

2021-2022 **Treasurer**, *Sydney University Chemistry Society*

2021-2022 **President**, *University of Sydney Society of Gaming*

2020-2021 **Treasurer**, *University of Sydney Society of Gaming*

2020 **Science Student Life Committee**, *Undergraduate*

2019-2021 **USU Volunteer**, *University of Sydney Union*
Supported student engagement and union activities
